RIZKY RAMADHAN

WEB DEVELOPER

South Purwokerto, Central Java | 089524247028 | jmiryas@gmail.com

Objective

Hi! I'm Rizky Ramadhan, a passionate Full-Stack Web Developer from Indonesia with 3 years of experience in programming, focused on building advanced web applications. My passion lies in transforming ideas into reality through elegant interfaces, while ensuring exceptional user experience, robust architecture, and high-quality code. I stay up-to-date with emerging technologies, constantly enhancing my skills to create cutting-edge web solutions that improve user experience and boost operational effectiveness.

Experience

Web Developer – PrabuBima Tech   **2023 - Present**

Worked at PrabuBima Tech as a web developer, handling projects such as the PPDB application, Teacher Journal, Point of Sale, API Integration, Parent Application, and more.

Web Developer – Freelance   **2020**

Developed a company profile website for the Golet Parkir project.

Web Developer – Freelance   **2020**

Served as a web developer for the IGC x LMS project at Telkom Institute of Technology Purwokerto.

Wireframe Designer – Freelance   **2018**

Created wireframes and basic designs for the Pemilu Raya BEM application at Telkom Institute of Technology Purwokerto.

Algorithm and Programming Lab Assistant   **2018**

Served as a lab assistant and taught 3 classes over one semester at the Telkom Institute of Technology Purwokerto laboratory.

1st Place Winner | Programming Competition   **2017**

Collaborated with the team to complete challenges during the Informatics Anniversary event at Telkom Institute of Technology Purwokerto.
